

GUIDE TO PURCHASING ADDITIONAL SHARES: SHAREHOLDER OPTIONS

Please find below several examples that may assist you in deciding the number of additional shares that you may purchase.

- **OPTION A - FOUNDER SHAREHOLDER (PHYSICIANS WHO RECEIVED 6 SHARES FOR \$5,000)**
A Founder Shareholder who initially received six (6) shares for \$5,000, did not participate in the bridge loan, and purchased no additional shares in the previous additional shares purchase period (May—July 2012), may purchase up to eighteen (18) additional shares. A Founder Shareholder may own a maximum number of twenty-four (24) total shares.
 - For example, Shareholder A has 6 shares. Shareholder A can now purchase 1 additional share or as many as 18 additional shares. Shareholder A may not own more than a total of 24 shares.

- **OPTION B - FOUNDER SHAREHOLDER & BRIDGE LOAN PARTICIPANT AND/OR ADDITIONAL SHARES PURCHASER**
A Founder Shareholder who initially received six (6) shares for \$5,000 and provided to CCACO funds for a bridge loan, and/or purchased additional shares in the previous additional shares purchase period (May—July 2012), may purchase no more 18 shares minus the number of shares received from the bridge loan and the number of additional shares purchased in May—July 2012. A Founder Shareholder may own no more than a maximum number of twenty-four (24) total shares.
 - For example, Shareholder B1 initially received 6 shares and loaned CCACO \$50,000 as a bridge loan, for which Shareholder B1 received 5 additional shares, but DID NOT purchase additional shares during the previous additional shares purchase period (May—July 2012). Shareholder B1 may only purchase 13 (18 – 5) additional shares.
 - For example, Shareholder B2 initially received 6 shares, and DID NOT participate in the bridge loan, but purchased 3 shares in the previous additional shares purchase period (May-July 2012). Shareholder B2 may only purchase 15 (18 – 3) additional shares.
 - For example, Shareholder B3 initially received 6 shares, loaned CCACO \$10,000 as a bridge loan, for which he received 1 share, and purchased 5 additional shares during the previous additional shares purchase period (May—July 2012). Shareholder B3 may purchase up to 12 (18 – 1 – 5) additional shares.

- **OPTION C - NON-FOUNDER SHAREHOLDER (PHYSICIANS WHO RECEIVED 5 SHARES FOR \$5,000)**
A Non-Founder Shareholder, who initially received five (5) shares, did not participate in the bridge loan and purchased no additional shares in the previous additional shares purchase period (May—July 2012), may purchase no more than fifteen (15) additional shares. A Non-Founder Shareholder may own a maximum number of twenty (20) total shares.
 - For example, Shareholder C initially received 5 shares, did not participate in the bridge loan and purchased no additional shares in the previous additional shares purchase period (May—July 2012). Shareholder C may purchase up to 15 additional shares. Shareholder C may not own more than a total of 20 shares.

- **OPTION D - NON-FOUNDER SHAREHOLDER & BRIDGE LOAN PARTICIPANT AND/OR ADDITIONAL SHARES PURCHASER**
A Non-Founder Shareholder who initially received five (5) shares and provided to CCACO funds for a bridge loan, and/or purchased additional shares in the previous additional shares purchase period (May—

July 2012), may purchase no more 15 shares minus the number of shares received from the bridge loan and the number of additional shares purchased in May—July 2012. A Non-Founder Shareholder may own no more than a maximum number of twenty (20) total shares.

- For example, Shareholder D1 initially received 5 shares and loaned CCACO \$50,000 as a bridge loan, for which Shareholder D1 received 5 additional shares, but DID NOT purchase additional shares in the previous additional shares purchase period (May—July 2012). Shareholder D1 may only purchase up to 10 (15 – 5) additional shares.
- For example, Shareholder D2 initially received 5 shares, DID NOT participate in the bridge loan, but purchased 4 additional shares in the previous additional shares purchase period (May—July 2012). Shareholder D2 may purchase up to 11 (15 – 4) additional shares
- For example, Shareholder D3 initially received 5 shares, loaned CCACO \$10,000 as a bridge loan, for which Shareholder D3 received 1 share and purchased 2 additional shares in the previous additional shares purchase period (May—July 2012).
